[Adoption – recent updates](#)

[Public Community](#)

[Media: Best of the Best - Liberty Press Releases](#)

[Media: Best of the Best - News Articles](#)

### New Case Studies

- [Pay By Touch](#) Leaves Its Fingerprints on SAML 2.0.
- [Clareity](#) – Clareity Security and The National Association of Realtors - Develop a SAML Toolkit for the Real Estate Industry.

[Identity Assurance Expert Group \(IAEG\)](#) – this group was formed to foster the adoption of trusted on-line identity services. The primary deliverable of the IAEG is the Liberty Alliance Assurance Framework. The goal is a public forum for discussion that will allow for feedback into the IAEG, as the IAEG works to provide organizations with a uniform means of relying on digital credentials issued by a variety of identity providers (aka credential service providers) in order to advance trusted identity federation among public and private sector organizations. We welcome your input and welcome you to [join](#) this new group.

### [New Marketing Requirements Documents \(MRDs\) available for download](#)

- [iClient](#) - Liberty Intelligent Client Marketing Requirements Document v1.0
- [TA](#) - Liberty Transaction Accounting Marketing Requirements Document v1.0
- [BIP](#) - Liberty Business Identity Profile Marketing Requirements Document v1.0

[New Whitepaper from HP](#) – Simplifying Federation Management with the Federation Router (HP Whitepaper); this whitepaper provides an introduction to federation, illustrating capabilities of the HP Federation Router.

[Upcoming Events](#) – all upcoming Liberty related events; conferences, trade events, webcasts, and more.

Two events to note next year at the RSA Conference in San Francisco, Moscone Center, CA, USA:

- **Concordia Workshop**, April 7, 2008, 09:00-12:30, read [more details](#) and Concordia meeting schedule
- **Identity Federation & Web Services Workshop**, April 7, 2008, 13:00-16:30, - CA, HP, Intel, NTT Corporation, Ping Identity & RSA will share and demonstrate standards and solutions in a identity environment focusing on privacy and security. A detailed agenda will follow shortly.
